32 PLAZA CENTRAL, LUGAR DE MI ALMA, is a modern tropical oasis. Delight your senses with the ocean views and sea breezes that fill this spacious two-bedroom, two-bath apartment. Relax in the comfort and beautiful atmosphere that the apartment's modern design and amenities create a Costa Rican Life style.

The main room with its combined kitchen and dining area are delightfully open, making this space ideal for entertaining. And, a wall of glass doors opens to the patio, expanding your living area into the fragrant outdoors. The kitchen has everything you would want for preparing food from the local markets. A spectacular ocean scene greets you each morning in the master bedroom. The king-size bed itself was intentionally elevated to perfect the view. A walk-in closet and private bath complete the master suite. The guest room also hosts a decadent king-size bed, which features a convenient trundle to sleep an additional guest.

Both bedrooms and the main room are individually temperature controlled, and boast large windows and ceiling fans as well. All three rooms are equipped with large flat-screen TVs for when after the excitement of the day it's time to wind down with a movie.
